*****Update*****

In the upcoming weeks NYSEG will be replacing Gas main Please see Map located on the back for the locations. Town is planning on starting Sunrise first week in May. I'll let you know if there will be any changes. As always thank you for your cooperation. Joel Kie

Wednesday, March 29, 2023

Dear Resident,

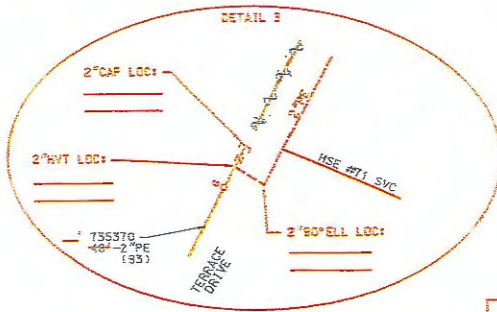

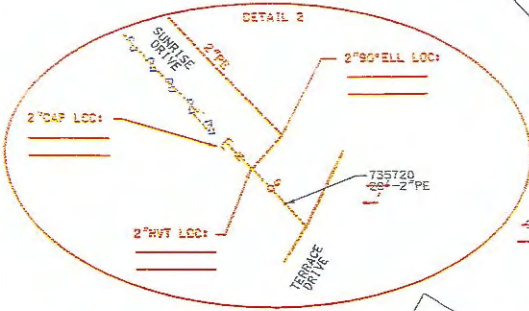

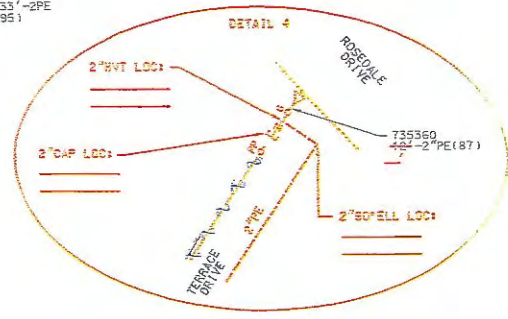

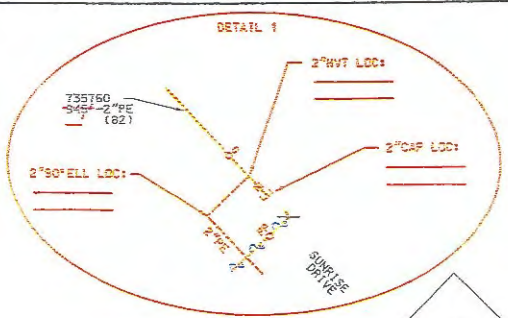

Good day, This letter is to inform you that the Town is planning on replacing several critical infrastructure components on Sunrise Drive. The goal is to improve the drainage and the water flows across the road. We will be replacing all the curbs and adding new under drainage. Public Works will mill out the road adding in a new sub base and complete the black top. This will take about three months weather permitting, to complete. This will affect traffic, your mail and your daily routines. NYSEG will also be doing some repairs to the gas line. We will also be replacing a section of the water main from Ferndale to the Water Tank. I'll be sending more notices as we progress. Thank you and as always if you have any question feel free to call me.

Sincerely

Joel Kie

Commissioner of Public Works
