

In an effort to control the spread of COVID-19 and to protect our residents and employees, Broome County Real Property will no longer offer off-site collection for school or property tax payments in any of the towns. Off-site tax collection offices will be centralized at the Oakdale Mall, former Sears building and the Broome County Office, Edwin L. Crawford Building. Both locations will have a drop-box available for payments as well. The former Sears location will open Monday through Friday from 9am to 4pm for collection of current taxes only, September and October for school tax payments and January through March for property tax payments, for the districts and towns that Broome County Real Property collects taxes for.

The Broome County Office location will continue to collect both current and delinquent taxes year-round.

These changes take effect September 1, 2020 and will apply to the following school districts: Binghamton City School and Sunrise Terrace, Chenango Forks, Chenango Valley, Deposit Central School, Harpursville, Johnson City, Maine-Endwell, Susquehanna Valley, Union-Endicott and Whitney Point School Districts. In January, the following towns: Binghamton, Chenango, Conklin, Dickinson, Fenton, Kirkwood, Nanticoke, Union, Windsor, and the City of Binghamton.

Please feel free to contact me with any questions or concerns you may have.

Thank you for your patience and understanding during this transition.
